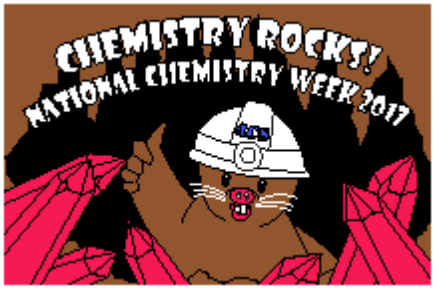
San Diego Chemists Celebrate National Chemistry Week with Science Activities for Boy Scouts



The **San Diego Section of the American Chemical Society** proudly presents **ChemExpo on Saturday, Oct. 28 at Miramar College.** The goal of the program is for boys to have fun exploring the world of science with college students and scientists from around San Diego County. The theme for the year is **"Chemistry Rocks."**

Throughout the day, we will engage boys and girls from grades 2-12 in learning about geosciences. The boys will each earn a special National Chemistry Week Patch (above) and can also do badge/activity work listed below. Upon registration, we will send the parts of the badges that will be covered at the event, so you can do some work ahead to earn the complete badge if desired. Boy Scouts can fulfill all requirements for the Chemistry or Geology Merit Badge. A Merit Badge Counselor will be present to sign blue cards. Please bring your card. Webelos can complete the Earth Rocks Adventure requirements. Cub Scouts can participate in activities that meet the requirements of the Super Science Bear Adventure. Scientists whose careers involve geosciences across many applications will be at the event.

Age Level: Bear Cub Scouts, Webelos, Boy Scouts **Fee:** $8 per boy per session
Date: Saturday, Oct. 28, 2017 **Time:** Varies for each Group
Location: Miramar College, 10440 Black Mountain Rd, San Diego, 92126

Registrar: Email ChemExpoReg@gmail.com for more information or to register.

Registration Info Needed:
1) Number of boys attending 2) Program level. Be sure to provide a leader/parent name and an email address to allow additional materials to be sent to you in advance of the event. Merit badges will require some work at home to complete.

Checks payable to **American Chemical Society** and mailed to address provided upon registration. Please note you will want to bring a lunch or make a plan for a 30-minute lunch break.

Deadline: To ensure sufficient materials, register by Tuesday, October 17 and pay no later than October 21. Space is limited, so please register right away.

Sessions:

Super Science Bear Cub Scout Adventure: 12:30pm – 3:00pm
Webelos Earth Rocks Adventure: 11:30am – 3pm
Boy Scout Geology Merit Badge: 10:15am – 2pm
Boy Scout Chemistry Merit Badge: 11:00am – 3pm
