*Chemistry:

Please bring a copy of Material Safety Data Sheets (MSDS) for an insecticide AND a paint. Everyone needs to use the same two products: Ortho Diazinon Granules by Monsanto MSDS #3897; and Frazee Duratec White 202 001 (paint) MSDS # BLMPZ. With parent/guardian help, browse online for the items listed, and be sure to include the abbreviation "MSDS" in the browse line. The Frazee paint may require selecting the product from a list, and then burrowing a layer or two lower. Each should be about 4 to 6 printed pages. No need to visit a store or buy anything - just find online and print out the MSDS. We will discuss this in the merit badge session.

**First Aid:

Prepare a 1st Aid kit for your home and bring it with you, or a large photo of it, and be prepared to discuss contents. Scouts should have met 1st Aid requirements for Tenderfoot, 2nd Class, and 1st Class ranks prior to Fair.
