***Chemistry:**

Bring the requirements worksheet. Also bring a copy of Material Safety Data Sheets (MSDS) for a pant AND for a fertilizer. Everyone needs to use the same two products: Diazinon by Ortho or Monsanto MSDS #3897; and Frazee Paint Duratec White 202 001 MSDS # BLMPZ. With adult help, go to: http://www.truenorthlaboratory.com/uploads/4/5/6/6/45666691/diazinon_ortho_msds.pdf. and <http://hazard.com/msds/gn.cgi?query=FRAZEE&start=50>. The Frazee paint may require selecting the product from a list, and then burrowing a layer or two lower. Each should be about 4 to 6 printed pages. No need to visit a store or buy anything - just find online and print out the MSDS. We will discuss this in the merit badge session.

****First Aid:**

Prepare a 1st Aid kit for your home and bring it with you, or a large photo of it, and be prepared to discuss contents. Scouts should have met 1st Aid requirements for Tenderfoot, 2nd Class, and 1st Class ranks prior to Fair.

*****Fire Safety: Visit a fire department prior to the Fair.**
