

SAN DIEGO FAMILIES NEED YOUR HELP

SCOUTING FOR FOOD

The Scouting for Food campaign begins in March and continues throughout the month with scouts from every district and families of The Church of Jesus Christ of Latter-Day Saints canvassing their neighborhoods and working with local businesses and other non-profit organizations to collect food for needy San Diegans. Some scout units find collections in April or May suit their unit program better. All efforts are welcome at any time and even at other times during the year. This year the campaign is highlighted by the following activities:

Registration for the Kick-Off event can be found at <http://sdicbsa.org/Activities> under Community Service. Scouts are invited to assist with the Collection Culmination Event when many community participants are expected to complete and deliver their collections.
